

Faculty FYI

August 19, 2019

Faculty,

This week's email has lots of info packed in – let us know if you have any questions!

What's Included

- [Please take the Learning Summit Survey, even if you didn't attend!](#)
- Tune-ups
- Blackboard Follett Discover Module Added
- Recording Available: All-Faculty Meeting, 8/12/19
 - YuJa viewing tips
- Recording Available: The Science of Learning and Why It Matters, Josh Eyler, Ph.D., 8/13/19
- YuJa Updates
 - Gradebook connection
 - CETL video tutorials available to all faculty
- Faculty FYIs Available Online Beginning 8/20/2019

Tune-ups

- [Schedule a 30-minute appointment with a staff member.](#) We can help with Blackboard setup, creating “deep links” to publisher content, recording with YuJa, reviewing the syllabus, and more.
- If you can't meet us on-campus, request a virtual appointment!

Blackboard Follett Discover Module Added

The link to the Follett Discover module is back on Blackboard. It is available on both the Faculty and Student Resources tab.

Recording Available: All Faculty Meeting, 8/12/19

If you were unable to attend the All-Faculty Meeting on Monday, August 12th, [watch the recording](#).

YuJa Viewing Tips

- You must press Play to see viewing options and controls.
- Videos have an index. Look for the bright blue divider that says “Contents” to search for key terms or to view specific video segments.
- At the bottom-right of the video player, you will find four buttons: show closed captioning, show sidebar, toggle full screen, and other settings.
 - Pro-tip: Click the settings icon (the gear) to see a host of controls, including one called Speed. You can play the video back at a higher (or lower) speed!
 - Expand the sidebar or scroll below the video to download Dennis Hall's presentation slides on Gen Z students.

Recording Available: The Science of Learning and Why It Matters, Josh Eyler, Ph.D., 8/13/19

If you weren't able to attend Dr. Eyler's keynote on August 13th, [watch the recording](#). During the keynote he talks about four topics that affect how people learn – supported by research in multiple disciplinary fields.

YuJa Updates

- Gradebook connection:
If you decide to use the YuJa quizzing feature, note that you can view student attempts in the Usage & Analytics tab in YuJa. IT has a ticket open with Blackboard to resolve an integration issue. When the issue is fixed, YuJa can send video quiz grades straight to the Blackboard Grade Center. Visit help.yuja.com or call the office to learn more about the tool.
- CETL Video Tutorials:
Log into YuJa and look for the **Shared Folders** link on the left side of the menu. Look for a folder called **Shared – All Instructors**. You'll find video tutorials on a range of topics.

Faculty FYIs Available Online Beginning 8/20

- [View last week's Faculty FYI](#).
- This week's email should be available online before the end of the week

Have a wonderful week!
