

**University Honors Program Contract
Spring Semester**

This form should be filled out by the student *in consultation with the instructor* and then must be *approved by the Committee on Honors Programs*. Feel free to attach materials or continuation pages. **THE PROJECT IS NOT IN FORCE UNTIL IT HAS BEEN APPROVED BY THE COMMITTEE ON HONORS PROGRAMS.**

Student's Name	Course Title:
ID:	Subject:
Student's email:	Course: Section #:
Instructor:	Semester:
Instructor's email:	Year:

Please note that all contract forms are due by
5:00 on October 31.

1. Please explain the additional or replacement coursework the student will complete to earn Honors credit. It should add between 10-12 hours to the regular requirements. Include a general timeline including a completion date. **Plan for at least three meetings between teacher and student for specific mentoring on the project.**

2. Will the Honors work be factored into the course grade? If so, what percentage will it count?

Ideas for contract work: You are not limited to this list. Do think of projects that give opportunities for mentoring, allow the student to show Honors capability, and enrich the honors program experience.

Lab project	Interviews	Research paper or article
Journal submission	Assist in professor's research	Graphic/visual project
Attend professional meeting	Bibliography	Notes/essays on reading
Field work	Grant proposal	Learning aids
Computer work	Public service	Performance
Survey or database	Internship	Group lecture

We agree that the Honors requirements listed above should help the student develop as a citizen-scholar and demonstrate more-than-ordinary academic capability. **We are aware that to receive Honors credit, the student must make a C or better in the class as well as complete this work.**
